GIVING BACK!

Great news! Our 2009 gift calendar is in production! We had such a great response from the 2005 children's birthday calendar (and ongoing requests to reproduce it), that we decided to build on our children's theme for 2009. We invited one of our social investment projects, the **Tshwane Place of Safety Association** (www.placeofsafety.org.za), to be a part of the project, together with staff that has been in service with our two properties for more than 5 years. It was a wonderful photo shoot, filled with the most adorable babies you'll ever see! The calendars will be for sale through our Front Desk as of November with proceeds going to the Tshwane Place of Safety Association.

Longevity in the business place is not what it used to be and we are proud to have created a sense of 'family' at our properties, which has contributed to our staff staying, or even returning home, once they have worked elsewhere. This sense of belonging translates into our service and guest interaction, making guests feel even more welcome, when they too are greeted by name as they return again and again. ■

Management members, Izelle Behr, Grace Dibodu, Christianna Phillips, Franco Jordaan (GM), Christel Bezuidenhout and Maria Mogale with their hands full of JOY during the calendar shoot.
